

HI! I'm a XM listener for 2 years now and I love it. It 's not always giving me good news but at least I can get the news whenever I want and it covers the whole planet so I love it.

When I want to know about traffic I don't need to wait every ?hr to here nothing but the two highways in the area and nothing more I get angry when I have to listen to commercials for 6 to 10 min..

I like XM radio and you should let tyhem do their thing, ther is room for every body in radio and I won't listen to the regular radio if you ever take Xm of air.

We pay for this service and we should be able to enjoy it.
